6. During September, several meetings were held between the OC CRAFT Program Manager, OC-FND CRAFT Resource Manager, OC-FND Logistical Resource Manager and Chief, Material Support Section, FND, to discuss the status and preparations of transferring logistics responsibility for CRAFT expendable item procurement from DO/IMS to OC. OL has agreed to provide a Logs Officer to fill the new FY-84 position in MSS. IMS has agreed that PRA will be made available to MSS for procurement purposes, but are maintaining that this can be done through a Form 1716 allowing OC to obligate IMS PRA directly to OL. OC-FND/FEB and OC-MLS/PPBG desire that PRA actually be transferred from IMS to OC and placed in a new OC CRAFT FAN for expendable items. Further meetings will be held to discuss how funding will be handled.

7. Chief, RAG attended a meeting of the MILSATCOM Panel. Action following this meeting led to the invitation for OC's participation along with D/OD&E in representing CIA on the MILSATCOM EXCOM. C/RAG will provide staff support to both C/MLS and D/OD&E in preparation for an upcoming meeting 26 October.
